Mason County hired the FCS Group to conduct a housing needs assessment with the goal to help focus community efforts on the most critical local housing issues. Mason County's Vision for Housing is to assure adequate affordable housing that is available and accessible to all income levels. The four primary objectives of this Housing Needs Assessment aim to:

1. Evaluate housing options and recommend housing needs that will inform the Housing Chapter of the Comprehensive Plan and identify the highest needs for affordable housing in Mason County,
2. Inform the community on its housing needs for households that are low and very low income,
3. Aid officials in assigning priority and resources to the housing needs identified, and
4. Provide a necessary guide in developing appropriate housing policies, programs, and strategies.
