Preface

Chapter 246-215 of the Washington Administrative Code (WAC) sets standards for food served or sold to the public of Washington state. The State Board of Health adopted a major revision of these rules in September 2004, adopting the 2001 FDA Food Code with modifications and additions. The revised rules are effective May 2, 2005.

This document incorporates the provisions of Chapter 246-215 WAC into the structure of the FDA Food Code. Modifications and additions are represented in the same format as the FDA Food Code:

Chapter	9
Part	9-1
Subpart	9-101
Section (§)	9-101.11
Paragraph (¶)	9-101.11(A)
Subparagraph	9-101.11(A)(1)

FDA Food Code text is presented in Arial font, while text added by the WAC modifications is in Times New Roman. The WAC section that modifies the Food Code is located at the point of modification. CAPITALIZED words indicate that the word or phrase is defined in Chapter 1. Portions of some sections are written in *italics*. These italicized provisions are not requirements, but are provided to convey relevant information about specific exceptions and alternative means for compliance.

This working document integrates the provisions of Chapter 246-215 WAC with the 2001 FDA Food Code and is provided as a reference. For official rule language, refer to Chapter 246-215 WAC, as published by the Washington State Code Reviser's Office, and the 2001 FDA Food Code, as published by the National Technical Information Service.
