

Latex Paint

Latex paint is not hazardous! Paints that say “water clean up” do not have hazardous properties, and can be safely managed with regular garbage as long as the paint is solid. Simply remove the lid and dry it out. You can add absorbent material, such as cat litter, sawdust or even dirt to help it dry faster.

This also includes materials like joint compound, latex caulk, and many adhesive products

Because latex is not hazardous and very expensive for us to handle, it is no longer accepted as a hazardous waste.

For recycling and garbage questions in the City of Shelton, call (360) 432-5126.

For garbage service at your home or business, call Mason County Garbage and Recycling (360) 426-8729 or 275-4590

Household Hazardous Waste In Mason County

You've got waste.

We can help.

Now open every Friday 8-12!

What is hazardous waste?

Hazardous materials need to be kept separate from your recycling and garbage. Products that have the words:

***Caution**

***Warning**

***Danger**

require special care, and can not be discarded with regular household garbage. Please bring these items in their original, labeled containers to our Solid Waste Facility in Shelton from 8-12 Fridays.

This program is free for our residents.

Businesses can call for more information.

What can I bring?

Our Hazardous Waste facility can accept :

Poisons, such as pesticides and other yard & garden chemicals

Cleaners, such as Drano, Brasso, solvents, oven cleaner

Oil Based Paint and related items, such as paint thinners

Fluorescent lights, including tubes, compact styles.

Aerosol cans (not empty)

Flammables, such as gasoline, kerosene

Please bring these items in their original, labeled containers to our Solid Waste Facility in Shelton from 8-12 Fridays.

What about Automotive wastes?

Motor oil, anti-freeze, oil filters, can be brought to any of our garbage and recycling stations.

Union, on McReavy Road every Sunday and Monday from 9-4

Hoodsport, on Foothills Park Road, every Friday and Saturday from 9-4

Belfair, on Sand Hill Road Tuesday thru Saturday from 9-4

Shelton Solid Waste Facility (transfer station or landfill)

These items are accepted Tuesday-Saturday 8-4
