RE: Mason County Historic Preservation Commission

The Mason County Commissioners are seeking applicants to fill four open positions on the Mason County Historic Preservation Commission.

The major responsibility of the Historic Preservation Commission is to identify and actively encourage the conservation of Mason County's historic resources by initiating and maintaining a register of historic places and reviewing proposed changes to register properties. They also work to raise community awareness of Mason County's history and historic resources and serve as Mason County's primary resource in matters of history, historic planning, and preservation.

Commission members serve three-year terms and meet monthly during business hours at the County offices in Shelton. During COVID, these meetings are being held via Zoom. Applicants must be residents of Mason County.

Interested persons are encouraged to apply for the Historic Preservation Commission by completing an Advisory Board Form that can be downloaded from the Mason County website at <https://masoncountywa.gov/forms/advisory/Advisoryboardapp.pdf> or by calling the Commissioners' Office at (360) 427-9670 ext. 419. Completed applications should be submitted to the Commissioners' Office at 411 N 5th Street in Shelton. Positions are open until filled.

If there are any questions about the open positions, please contact Michael MacSems at (360) 427-9670 ext. 571 or hpc@masoncountywa.gov.
