RE: MASON COUNTY PUBLIC HEALTH TO SEND MAILER ON SEPTIC SYSTEM MAINTENANCE

Mason County Public Health will mail a brochure on May 15, 2008 to everyone in Mason County who owns a septic system.

The goal of the mailer is to educate septic system owners that the health of their system depends on the care and upkeep they provide their system. The mailer also gives the septic system owners a chance to request more information on their individual systems to help maintain and keep their septic systems well.

For more information, please contact Penny at Mason County Public Health at (360) 427-9670 ext. 547. Or visit the website at www.co.mason.wa.us
