RE: County Recycling gets a boost

---

Mason County now offers residents the opportunity to recycle at 11 locations around the County. As of February, the Port of Allyn has agreed to host the blueboxes for 2008, and, Potlatch State Park will also host blueboxes for recycling. Both sites will be available to the public seven days a week during daylight hours.

Mason County Utilities and Waste Management would like to thank both of these sites for their support of recycling in Mason County, and would also like to recognize the Save Our Bins group in the Allyn area who worked hard to keep recycling available to their community.

Please see the County web site for a complete listing of recycling sites and related information, at [www.co.mason.wa.us/utilities\\_waste](http://www.co.mason.wa.us/utilities_waste) or you may call (360) 427-7771.
