RE: Recycling in Mason County

The Board of County Commissioners announces they will conduct a public hearing on December 23, 2008 at 9:30 a.m. to consider an ordinance which provides residential curbside recycling at households with garbage service in unincorporated Mason County.

Recycling would include materials such as paper, plastic and cans, and would be serviced with a single cart with a lid and wheels.

If approved, the service would be available to every household in Mason County within three years.
