SUN, TACOMA MORNING NEWS TRIBUNE.

RE: Park Host Program

Mason County Parks and Trails Department are pleased to announce the intention to begin offering a Park Host Program at two County Park sites in 2009. The two park sites are Truman Glick Park near Matlock and Foothills Park located near Hoodspport. Each site is equipped with water, power, and septic for a recreational vehicle.

Park Hosts will provide important duties at these park sites from March through October. Duties would include site security, opening and closing the park, light maintenance and clean up, interfacing with park visitors providing information and customer service duties, in addition to other duties as needed. In return for the services the Park Host provides, they receive a space for a recreational vehicle at no charge during the time of their service. The Park Host position is a volunteer position and does not include any compensation.

If anyone is interested in the Park Host Program, they should contact John Keates at 427-9670, ext. 669. Application materials and further information is available via the Parks and Trails Department or on the County Web Site on the Parks and Trail page.
