

RESOLUTION NO. 707

AUTHORIZING AUTOMATIC AMENDMENT
OF URBAN AREA (FAS/FAM) BOUNDARY
TO INCLUDE ANNEXATIONS

WHEREAS, a portion of Mason County, lies within the presently established Shelton Urban Area Boundary which is also the approved Federal Aid Secondary (FAS) and Federal Aid Urban System (FAM) Boundary for this urban area; and

WHEREAS, a criterion for the establishment of the boundary line was the inclusion of all incorporated areas within the adopted Urban Area, and

WHEREAS, it is likely that additional areas in the vicinity of said Boundary will in the foreseeable future be annexed to the City of Shelton and, hence meet the above noted criterion for inclusion within the Urban Area;

NOW THEREFORE, Mason County concurs in advance in the automatic extension of this Urban Area Boundary to include any annexations by any city now located within this Urban Area Boundary, where such annexation incorporates rural area outside this Urban Area Boundary, so that the amended Urban Area Boundary will encompass the entire area of each included corporate limits, subject only to the exclusion of any area where a municipality has extended its corporate limits beyond the urban-in-fact area for a considerable distance for a special reason, such as to protect a water supply source, or to encompass future industrial or commercial property.

PASSED AND APPROVED this 15th day of NOVEMBER, 1976.
