RE: Employee Safety

Several employees of the Assessor, Treasurer and the Auditor have expressed some concern about abusive customers and the potential for dangerous situations between the public we serve and our employees. I am requesting your assistance in the placement of signs.

I understand these signs pertain to the threat of harm to the employees in the performance of their duties. I would like to suggest that these signs be in a manner that would be visible to the public.

I can be reached any time for discussion at ext 466
